## COMPANY PROFILE

# CERTIFIED SITE SAFETY

### ABOUT CERTIFIED

Certified Site Safety of NY, LLC was established in February 2008 as a full-service Site Safety Management, Inspection, Safety Designs and Programs, Training firm, dedicated to servicing public works projects and private contractors in the construction and Real Estate Industries throughout the Tri-State Area. We are a certified **WBE** with Empire State Development, Westchester County, New York City Small Business Services, Port Authority of NY& NJ, State of New Jersey, Suffolk County Office of Minority Affairs. We are a certified **DBE** with NYS Department of Transportation.

Our company addresses the safety and training requirements for successful day to day operations of ongoing industrial operations and construction projects. We work with you to achieve an injury free environment and the safest workplace possible for employees, clients, trades people and the general public.

As a Certified **Women Business Enterprise** and **Disadvantaged Business Enterprise** construction safety and risk management firm, we provide a complement of safety professionals including New York City Department of Buildings (NYC DOB) **Licensed Site Safety Managers, Coordinators and Concrete Managers**, New York City Fire Department (FDNY) **Construction Site Fire Safety Managers (S-56), Fire Guards and Fire Watch personnel**. Our construction project safety professionals implement and manage site specific safety required by owners, OSHA and construction contracts. Our clients range from large scale developers, construction managers and public work agencies.

In addition, our staffing includes in-house **Safety Plan Designers** for your safety plans, logistics and scaffold designs, CAD shop drawing, special inspections, and expediting services.

A **NYC Buildings Approved Training Provider and IACET - Accredited Provider** of Continuing Education and Training we are able to assist will all of your **NYC DOB & OSHA** training needs in our cutting-edge training center located in Westchester County, in addition to on-line training conducted by our OSHA 500 trainers.

Our construction support staff services division supports short-term, seasonal, high-volume administrative and technical staffing demands including **Licensed Safety Superintendents**, on-site **Field Administrators** and **Document Control Staff, Fire Watch/Fire Guards and Flag Persons**.

Increasing safety excellence and reducing risk is a core principle of our organization. Certified Site Safety strives to exceed our client's expectations through project completion with our industry standards set high and force set on protecting liability for all clients.

5-YEAR RECERTIFICATION

**APPROVED**

*under the*

Minority and Women Business Certification Program

This certificate acknowledges **CERTIFIED SITE SAFETY OF NY LLC** as a Certified Women Business Enterprise (WBE) that has met the criteria established by N.J.A.C. 17:46.

In order for this certification to remain in effect **throughout the 5 year certification period**, the business **must submit annual verification statements** attesting that there has been no change in ownership, control, or any other factor of the business affecting eligibility for certification as a minority or women-owned business. The verification statements must be submitted **not more than 60 days** prior to the anniversary of the certification approval.

If the business fails to submit the annual verification statement by the anniversary date, or a renewal by its expiration date, the certification will lapse and the business will be removed from the system (SAVI) that lists certified minority and women-owned businesses. If the business seeks to be certified again, it will have to reapply by submitting a new application.

Peter Lowicki  
Deputy Director

Issued: 12/15/2023

Certification Number: A0421-02

\*Expiration: 12/15/2028

\*As noted above, in order to maintain its certification status, the business must submit verification statements for each of the five years.

# WBE CERTIFICATION

November 16, 2021

Ms. Penny Gianataso  
President/CEO  
**Certified Site Safety of NY, LLC**  
99 Lafayette Avenue  
White Plains, NY 10603

**Re:** Women-owned Business Enterprise (WBE) Certification  
**Type:** Consultants

Dear Ms. Gianataso:

We are pleased to inform you that The Port Authority of NY & NJ has re-evaluated your business and determined that it continues to be eligible to participate in the agency's Women-owned Business Enterprise (WBE) Program. **Certified Site Safety of NY, LLC** remains in the Port Authority's on-line directory of certified MWBEs, which can be accessed at <https://panynj.diversitysoftware.com/FrontEnd/Search/CertifiedDirectory>.

Please be advised that we periodically review all certifications and reserve the right to decertify any firm that no longer meets our guidelines. You must notify the Office of Diversity and Inclusion in writing within 30 days of any significant changes to your business. These include, but are not limited to, a change of officers, directors, location and business name. Failure to advise us of these changes can result in decertification of your business.

This certification will remain in effect for five years or until November 16, 2026, after which you must submit a recertification application with supporting documentation. The application can be accessed from our website: [www.panynj.gov](http://www.panynj.gov).

If you have any questions regarding your certification, you may contact me at (212) 435-7888 or via email at [certhelp@panynj.gov](mailto:certhelp@panynj.gov).

Sincerely,

  
Dagim Woldetsadique  
Certification Analyst  
Office of Diversity & Inclusion

**Jim Cavanaugh former President at Battery Park City Authority**

"...Certified Site Safety provided outstanding service to the Battery Park City Authority in lower Manhattan, working to provide independent building safety services on our high rise construction. I would recommend them to anyone seeking this specialty service on a high quality basis."

**Steve Hix President at Edgewater Environmental, Inc.**

"I have provided environmental consulting services to Certified Site Safety over the last few years, and have found them to really understand the client's needs and requirements. They quickly respond to unforeseen worksite issues and addresses the client's needs to maintain a safe workplace and minimize schedule delays. It has been a pleasure to work the Certified Site Safety team."

**Ravi Bhatia Project Executive at TC Electric, LLC**

"Certified has a solid understanding of construction safety management...their proven ability to navigate contractors and owners through the often labyrinthian maze of changing codes and documentation is of great value. I look forward to working with this highly experienced team for many years to come."

**Jim Alger Executive Vice President at Jordan Daniels Electrical Contractors , Inc**

"...Certified Site Safety's team are simply the best at what they do. Dedicated, professional, skilled, site safety engineers, totally attentive to all details of safety and risk management yet thoroughly committed to the efficient administration of today's fast track scheduled construction projects. Safety on construction sites is a win win for all parties involved, with the Certified Safety team on the job, it's just easier to achieve and maintain that safe environment."

**Edward Pross Corporate Safety Director at Holt Construction Corp.**

"My experience with Certified has been a pleasure. They have always responded to our needs and their prices are always reasonable. I commend their staff for their knowledge, and professionalism and have recommended their services to others, with the same results, always good. I have always been treated like a friend, not just a customer, cannot say enough regarding their advice and help during the ongoing pandemic, their involvement has been a great asset to our projects."
